# HeapSort

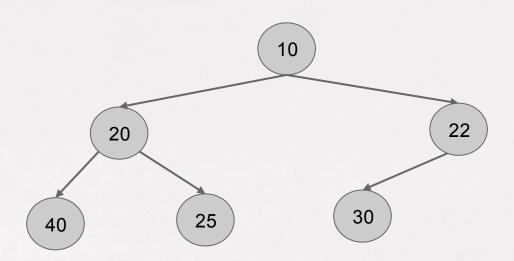

#### HeapSort

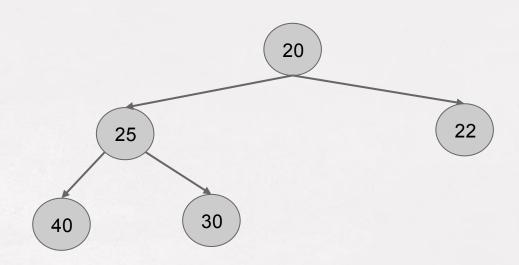

HeapSort, es un algoritmo de ordenamiento que se basa simplemente en ir retirando todos los elementos de un montículo (heap) e irlo insertando por ese orden en el array como veremos a continuación.

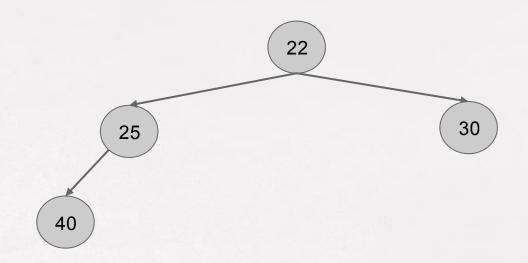

10	20	22	40	25	30
			71		

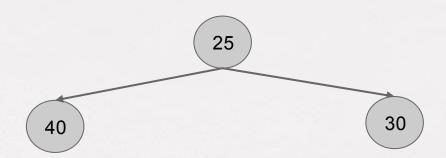

20	25	22	40	30	
10					

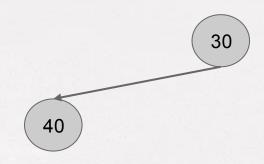

22	25	30	40	
			E,	
10	20			

25	30	40
10	20	22

30	40			
10	20	22	25	

40					
10	20	22	25	30	

40
